

The Glen Rock Chamber of Commerce works with local business, the community, and government to help Glen Rock grow and prosper. Since 1985, the chamber has represented the retail and professional business community in Glen Rock, New Jersey.

The Chamber is a private, not-for-profit business membership association that is supportive but independent of other local and national chambers. It is an action agency designed to meet business and community needs and relies on a voluntary organization of businesses banding together to advance all sectors of interest within the community. These interests include commercial, financial, industrial, and civic interests of the area.

The variety of activities the Glen Rock Chamber can provide is virtually unlimited, depending on the needs and desires of the members and community and the ability of the Chamber to meet those needs. Essentially, the Chamber strives to create and maintain an effective balance and relationship between the business community and the general community as well as the local government. Any efforts that satisfy this goal are possible undertakings of the Glen Rock Chamber.

The Chamber seeks to ensure that our area offers character, diversity, and selection in business and community-wide opportunities. The Chamber also gives back to the community by awarding an annual scholarship to a Glen Rock High School senior who has excelled in business studies.

Mission Statement

The Glen Rock Chamber of Commerce serves as the voice for success of the local business community, gathering the support of many to speak as one.
